Carmel road construction – Cone Zone Update

CARMEL, IN – Roundabout number 111 has opened in Carmel at 4th Street South and Range Line Road. There will be a short closure this evening for pavement marking, but the intersection will reopen tomorrow.

Now that 4th and Range Line Road is open, work will begin at the roundabout at Executive Drive and Range Line Road. That intersection is now closed and will remain closed until mid-November.

Meanwhile, Roundabout number 112 at Guilford and City Center Drive is anticipated to be open Friday, October 20.

Keystone Parkway has been undergoing cleaning and repainting during nighttime lane restrictions. Due to recent adverse weather, crews have been granted permission to work during the day as well to make up for lost time. Drivers will see daytime lane restrictions beginning October 27, 2017 in addition to the continued late night lane restrictions. However, morning and evening commute times will be avoided, so the daytime and nighttime lane restrictions will occur between 9 a.m. and 3 p.m. and in the evening/overnight between 8 p.m. and 5 a.m.
