Road Updates:

Today, weather allows work to begin on the Lake Shore Drive East culvert replacement project. This full closure of Lake Shore Drive East, just south of 106th Street is anticipated to last two weeks.

Starting tomorrow and continuing through Friday, weather permitting, the intersection of 1st Street SW and 3rd Avenue SW will be closed to replace a water main that serves the immediate area including the Grand and Main development. Residents will have access to their homes.

Thank you for your patience as we make these improvements to our community.
