## *COMMUNITY ADVISORY*

**Date:** August 29, 2016  
**Contact:** Nancy Heck (317) 571-2474  
**Release:** Immediate

---

### **Traffic updates on Carmel road projects**

**CARMEL, IN** – Here are some quick updates on several ongoing Carmel road projects. For complete details, go to [www.carmellink.com](http://www.carmellink.com)

#### **116th & Gray Road**

This intersection has been closed starting today for a 75-day improvement project, turning it into a roundabout intersection. Detour routes are posted. Please use Keystone and Hazel Dell for north-south traffic, 96th Street for east-west traffic.

#### **3rd Avenue SW**

This utility improvement project should wrap up by Tuesday or Wednesday of this week and be open in time for the 317Run event to be held September 1 in the Arts & Design District.

#### **106th & Towne Road**

This intersection upgrade project will NOT begin until after the BMW Championship event at Crooked Stick Golf Club.

### **Carey Road roundabouts**

The next two roundabout projects will begin soon (probably in September) at two intersections on Carey Road – 136th Street and Hawthorne Drive. Traffic detours will be determined and posted in advance and we will keep you posted with our updates as well.

### **Pennsylvania & City Center Drive**

Construction on improving this intersection is also scheduled to begin very soon, but not until after the BMW Championship. We will keep you posted.

### **Range Line Road & Carmel Drive**

Work continues at this intersection. Local traffic is flowing much better after the first few days of the closure. Local businesses are still open. This project is still scheduled for a mid-November completion, weather permitting.

### **126th Street**

Restriction remains in place. This street is open only to westbound traffic between Range Line Road and Keystone Parkway through the remainder of the project. We anticipate westbound traffic moving to the newly paved lanes in four to six weeks. We will keep you posted.

### **And finally ... The Most Beautiful Roundabout!**

On Friday, the UK Roundabout Appreciation Society officially named one of Carmel's roundabouts – at Horseferry Road in the Village of West Clay – the International Roundabout of the Year, an honor given annually to what the Society deems as the most beautiful roundabout on the planet. Congratulations to the Village of West Clay and Brenwick Development who designed, built and maintain the roundabout.
